RE: Notification of the ACI re-evaluation result

Title: Indonesian Journal of Chemical Research  
ISSN / E-ISSN : 2338-5359 / 2614-2627

Dear Editor,

The title mentioned above has been re-evaluated for continuity of indexing in ASEAN Citation Index (ACI) database during 2022-June 2023 by experts and the ACI Secretariat. The re-evaluation of this title is now complete and the ACI Secretariat has advised this title "**accepted**". Therefore, the ACI will continue indexing this title. Congratulations! The reviewers also suggest that you display the ACI logo into the indexation section on the Journal website for public relation purposes.

For your information, the Journal was accepted for ACI inclusion in 2018 and the ACI current coverage year is in 2018.

As Indonesia has not financially supported for ACI activities as agreed in the previous ACI Steering Committee Meetings, ACI will **begin to index** the contents of your title published in **2022 onwards**.

In the meantime, please visit the ACI website <<https://asean-cites.org/>> and access your journal for double checking of the correctness and completeness of the contents. If there are any issues or changes of the Journal, e.g. editor-in-chief, frequency, url., etc., please send the updated information to the ACI Secretariat at <[aci.cites@gmail.com](mailto:aci.cites@gmail.com)> for corrections.

Thank you for your kind co-operation. We look forward to hearing from you.

Yours sincerely,

(Prof. Dr. Narongrit Sombatsompop)  
Chairman of the ACI Steering Committee
